

Arizona State University NROTC College Program Application

Enclosed are the necessary forms required to apply for the NROTC College Program. This non-scholarship program can lead to the same achievement as the scholarship program, an active duty commission in the United States Navy or Marine Corps.

The NROTC College Program is conducted in two phases: Basic and Advanced Standing. Any Arizona State University student meeting the eligibility requirements may apply for the College Program Basic Phase. Applications are reviewed and approved locally by the Professor of Naval Science. College Program midshipmen participate in Battalion functions alongside scholarship midshipmen. Uniforms and Naval Science textbooks are provided to all midshipmen.

After their sophomore year, college program students are screened for Advanced Standing in NROTC. Advanced Standing applications are submitted by the NROTC staff and are reviewed and approved at the national level. If selected, students receive a \$350 monthly stipend to assist with continuing their education. Prior to accepting advanced standing, College Program students do not incur any obligation to the Department of the Navy.

Scholarships are also available through this program. With a continued strong effort reflected in your academic and aptitude performance, you can remain competitive for a Naval Service Training Command (NSTC) NROTC scholarship starting in your second semester in the NROTC program. To be competitive for one of these scholarships, you should have completed at least one semester of college-level calculus and be enrolled in a second semester of calculus. All College Program students selected for a scholarship are obligated to the Department of the Navy upon acceptance of benefits.

Incoming Midshipmen Candidates with either a 4-yr scholarship or in a College Program status will be required and funded to participate in Naval Service Training Command's (NSTC) New Student Indoctrination (NSI) at Naval Station Great Lakes, Illinois. NSI serves as an introduction to the military instruction, discipline, and physical training to which each Midshipmen will be expected to adhere throughout their four years in the Naval ROTC program and beyond.

NSI is approximately three weeks long and executed in two cycles during the summer months of July and August. If you will be joining our Battalion as an incoming Midshipman, you will be notified by NSTC as to which NSI cycle you've been assigned. Additionally, you will receive a packet of amplifying information prior to NSI in order to help prepare you adequately for this unique and once-in-a-lifetime experience.
